

Europoltech 2011

Topic	International Fair of Technology and Equipment for the Police and National Security Services
Date	April 13–15, 2011
Location	The Gdańsk International Fair Co. (MTG SA) ul. Beniowskiego 5, 80-382 Gdańsk

The Gdańsk International Fair Co. (MTG SA), in partnership with the General Headquarters of the Polish Police, invites you to take part in EUROPOLTECH 2011, the International Fair of Technology and Equipment for the Police and National Security Services. The Fair will accompany the 5th International Police Conference, to which the executive staff of European police services will be invited.

EUROPOLTECH is organised in close partnership with the General Headquarters of the Polish Police; the Fair's mission is to support technological upgrade processes in the Polish Police services, Special Operations Command and national security services.

Europoltech 2011 will also address the supply of equipment and auxiliary technologies for tasks related to Poland's EU Presidency and holding of EURO 2012.

Invitations to take part in the Fair are being extended to all major manufacturers of modern equipment and world-class system solutions provided for police services by contemporary engineering and advanced technologies.

Europoltech is dedicated to the Polish Police, Border Guard (SG), State Fire Service (PSP), Government Protection Bureau (BOR), Prison Service (SW), Customs Service (SC), Internal Security Agency (ABW), Foreign Intelligence Agency (AW), Central Anticorruption Bureau (CBA), as well as the Special Operations Command (WS), Military Gendarmerie (ŻW), Military Intelligence Service (SWW) and Military Counterintelligence Service (SKW). All of the above are looking forward to viewing the products displayed by manufacturers of special technologies, weaponry, equipment and accessories.

Your participation in EUROPOLTECH 2011 will provide you with an excellent environment to present your products and services, allow you to find out the future needs and requirements of your potential customers and will result in new contacts to facilitate further business.
