

Dear Sirs

We have great pleasure to invite you to:

7th INTERNATIONAL MUNICIPAL AND ROAD INFRASTRUCTURE TRADE FAIRS

which will be organized on

14 – 16 October 2009

at Trade Fair & Conference Center MT Polska

The INFRASTRUCTURE Trade Fair is a B2B event, during which products and services, including state-of-the-art technological solutions for municipal and road infrastructure are presented. The trade-related events, such as conferences, symposia, and debates constitute a perfect opportunity not only for broadening one's knowledge, but – first of all – for discussions that tackle the business' nagging issues, and looking for best solutions. It is a place for initiating the dialogue between the representatives of private and public sector, including the decision makers responsible for allocating the funds for the development of infrastructure in our country.

During the event, visitors shall be able to familiarize themselves with offers presented by inter alia: construction companies, design and consulting agencies, as well as the manufacturers of construction machines and appliances and necessary materials and raw materials. The exhibitors shall also present the equipment and accessories for the public utility facilities (such as: sport facilities, railway stations, air ports, etc.) and solutions within the safety and traffic management – trade fair agenda.

Moreover, **the nearest Trade Fair edition** shall be a perfect moment for learning more about the investment plans of the biggest Polish cities for forthcoming years, which seems to be even more significant in the light of our preparations to EURO 2012.

The exhibitors' offerings, along with abundant agenda of accompanying events make the **INFRASTRUCTURE Trade Fair being eagerly attended by the sector specialists**, among whom there are:

Private sector:

- construction companies
- private investors including developers
- design agencies
- substitute-investors
- construction machines and equipment
- EETS and telematic companies
- construction raw materials

Public sector:

- road management supervisors of all levels of the General Directorate for National Roads and Motorways (GDDKiA), as well as municipal, county, and local road management supervisors
- representatives of state and self government administration, responsible for municipal infrastructure investments
- representatives of research institutes
- university researchers and employees

Infrastruktura 2008 in numbers:

- Greatest exhibition gross surface since 2000 - over **2530, 5 m²**
- Over 15% growth in number of visitors comparing to 2007.
- **117 exhibitors, including the largest construction companies (representing countries: China, Czech Republic, Spain, Holland, Germany, Poland, Russia, Sweden and Italy)**
- 7511 visitors from Austria, Finland, France, Greece, Spain, Lithuania, Germany, Poland, Portugal, Czech Republic, Switzerland, Great Britain and Italy.
- Among our visitors we proudly hosted construction companies representatives and service providers, representatives of state and self government administration, design agencies, branch institutions and associations and many others.

Infrastruktura this year:

- New and modern MT Polska congress centre - within 5000 m² – 7000 m² of gross surface (including seminars and exhibitions).
- State of art exhibition construction, thanks to the new venue capabilities.
- Unique seminars programme including, EETS, Telematics and Enviroad 2009, Euro 2012 preparation conferences.
- Growth both in number of visitors and exhibitors due to great accessibility and capacity of the MT Polska Congress Centre

You are most cordially welcome.

Hoping that our offer will meet with your interest, we are ready to provide you with further information.

Yours sincerely

Przemyslaw Zebrowski
