

Meeting with	Robert Gulka
Organization	Sport and Recreation facility in Dzierżoniów
Date	10 December 2008
Location	Phone interview

Introduction:

Dzierżoniów, is one of Silesian cities looking forward to host foreign team during the Euro 2012 tournament. The city's training centre is well known in the football and sports environment, because of its infrastructure which consists of full size football pitch, sports hall, swimming pool complex and tennis courts. Moreover, the centre is active in the field of organizing and hosting various kinds of conferences and events, like movies festival.

At the moment the Dzierżoniów training facility has been chosen to the second stage of the contest for 16 final training objects, in which the foreign teams will stay during Euro 2012 championship.

According to Mr Robert Gulka – the director of the Sport and Recreation facility in Dzierżoniów, the object is aiming to fulfill the highest UEFA requirements. Therefore, a lot of investments have to be made, both in the field of the football stadium, as well as in the field of the hotel infrastructure.

Projects and opportunities:

Mr Robert Gulka pointed many projects which will be implemented in the next few years.

The most important is the local stadium. This municipal object is due to be renovated in the years 2009 and 2010. This project will consist of football pitch lawn replacement, new light and sound system implementation. Moreover, the stadium tribune will be enlarged.

The second project is renovation and enlargement of the existing sports hall. This creates an opportunity for Dutch companies producing the equipment used in an indoor sports objects.

Also, the existing hotel infrastructure will be renovated. 20 new rooms have to be build, as well as a SPA complex.
