

<b>Event</b>	Interview
<b>Interviewee</b>	<u>Mr. Oleg Metelin</u> Technical Director of DonbassInformCommunicationService (DICS)
<b>Date</b>	April 2011

**Eunite Ukraine: What is a core business activity of DonbassInformCommunicationService? How long your company has been active in Ukraine?**

Oleg Metelin (OM): DICS has been established in 1996. Over the years of our operation, DICS has become one of the largest integrators of information solutions in Ukraine. Initially, DICS worked with structured cabling systems, however later on our company extended range of its services, and in addition to systems integration, LAN and SCS construction, providing with Internet access and telephony, the company began to provide the projecting services, implementing and maintaining of CCTV systems, access control systems, Hotel business management system, backup power supply systems, cashless payment systems, IP-TV, Digital Media Signage and other information systems.

**EU: With which equipment does DICS work?**

OM: DICS cooperates with a number of world known foreign companies active in the field of IT, including Cisco Systems, Extreme Networks, Juniper Networks, Avaya Inc, Bosch Security Systems, Motorola, Inc, Dell Inc. EMC Corporation, DORMA Holding GmbH, Eaton Corporation, Philips, MOBOTIX etc.

**EU: What are the business references of DICS?**

OM: Among clients of DICS there are large shopping malls, entertainment and office centers of Donetsk, large corporations, media and telecom operators. DICS has also provided its services to sport facilities, including Donbass Arena, FC Metallurg Training Camp and FC Shakhtar Kirsha Training Camp. Today our company participates in some projects of public infrastructure development for the EURO 2012.

**EU: What are the projects of EURO 2012 infrastructure development DICS takes part in?**

OM: Our company is responsible for all electrical and telecommunication systems design and installation at NSC Olympiyskiy Kyiv stadium, new stadium in Lviv and Donetsk international airport.

**EU: What are the main objectives of these projects?**

OM: We design and install all systems according to the highest quality standards and technical requirements of our customers. All systems are modern and absolutely up to date in terms of technology applied.

**EU: When is the deadline of your assignment?**

OM: Kyiv and Lviv stadiums, as well as Donetsk airport are to be commissioned by the end of 2011. It means that we have to and we will accomplish our tasks by that time.

**EU: What does it mean for DICS to participate in county's preparations for the EURO 2012?**

OM: Being selected as the co-host of the EURO 2012 for Ukraine is very important. And it is very important for our country to put maximum efforts in order to deliver a high-quality stage for the EURO 2012 Event. Company DICS understands all responsibility entrusted to us and we will deliver our services in a way to satisfy our customers and the ERUO 2012 needs.
