

Event	Opening of New Passenger Terminal F of Boryspil International Airport
Date	21 September 2010

Official opening ceremony of new passenger terminal F of Boryspil International Airport was held on September 21, 2010.

Official opening ceremony was headed by the President of Ukraine Mr. Victor Yanukovich and attended by a large number of Ukraine national and local government officials, including First Vice Prime Minister of Ukraine Mr. Andrey Klyuev, Transport and Communication Minister Mr. Konstyantyn Yefymenko, General Director of Boryspil International Airport Mr. Shakhshvarov.

"First of all, I want to congratulate the constructors of the terminal, who proved that the professional level in Ukraine meets international standards," the President told to media, airport staff and visitors of the official opening ceremony. "Commissioning of this terminal is the first step within a current development of Boryspil Airport. We will build several more terminals, which will make Boryspil one of the best modern airports in the world," the President promised.

Start of construction works: January 2009

Commissioning: September 2010

Cost: 413.14 million UAH (own funds of Boryspil International Airport)
